

**MEDICAL RESEARCH
ALLIANCE**

BRIDGE THE GAP

to Over 180 Specialized
Investigators and 200,000 trial subjects
at Top Performing Research Sites.

Medical Research Alliance aligns Sponsors and Clinical Research Organizations with qualified member research sites that consistently meet enrollment objectives while delivering patient safety and quality data for Phase II-IV trials.

Medical Research Alliance brings an effective solution to the Pharmaceutical industry: highly experienced research sites with a track record of consistent enrollment and quality, timely data.

Medical Research Alliance gives Sponsors and CROs access to high-quality sites with proven results. The Alliance is not an SMO or TMO.

- Over 2,500 completed trials
- More than 200 years of combined research experience
- 180 Investigators representing over 35 Board Certified Specialties
- Experience in over 170 indications
- Over 100 Successful Sponsor and FDA audits

Sites invited to join Medical Research Alliance experience a rigorous vetting process. Each site understands the importance of exceeding expectations, and is careful about the research trials they accept.

Having one point of contact at Medical Research Alliance simplifies site selection, reduces risk and saves time and resources. Bridge the gap to excellence in research results through Medical Research Alliance today.
